

College of Optometrists Consultation on Draft Guidance on Safety and Quality Domain

The Optical Confederation represents the 12,000 optometrists, 6,000 dispensing opticians, 7,000 optical businesses and 45,000 ancillary staff in the UK, who provide high quality and accessible eye care services to the whole population. The Confederation is a coalition of five optical representative bodies: the Association of British Dispensing Opticians (ABDO), the Association of Contact Lens Manufacturers (ACLM), the Association of Optometrists (AOP), the Federation of Manufacturing Opticians (FMO) and the Federation of (Ophthalmic and Dispensing) Opticians (FODO). As a Confederation we work with others to improve eye health for the public good.

The Optical Confederation has reviewed the draft for the Safety and Quality Domain of the College of Optometrists' guidelines.

The Confederation is happy with the draft as a whole and has only one minor amendment to suggest:

On page 8, point 15 – replace “alcoholic” with “alcohol”.
